developed by the School of Electronics and Computer Science at the University of Southampton More information and software credits

David Knight The Making of Modern Science Science

June 15th, 2018 - "Normal science" is acknowledged but regarded as a half truth The idea that knowledge production itself is a sociological process is given very short shrift It is no surprise then that large material and social transformations as well as the more immediate contexts of scientific production flit through the text in a rather ghostly fashion rather than providing underpinnings for the story that is told

Free The Making of Modern Science Science Technology
